

TAYLOR TIMES

A Quarterly Newsletter

April 2008

The Taylor Team is proud to deliver our second quarterly newsletter. We want to hear about your happenings or achievements. If you want to share your stories with our patients and their families, just let our staff members know all the details in writing or verbally so we can put it in print.

UPCOMING CONTESTS

MAR 15TH THRU JUN 1ST - TOKEN TREASURE CHEST

Just pick a key from our key collection. If it opens the Treasure Chest, you will win extra tokens.

JUN 2ND THRU AUG 30TH - POSTCARD CONTEST

Send us a post card about your summer vacation. We will display them on our bulletin board to be shared by all. At the end of summer, each office will pick a winner to receive a \$50.00 mall gift certificate.

Kidz Korner

Are you looking for interesting town names? How about Taumatawhakatangihangakoauauotamateapokaiwhenuakitanatahu, New Zealand. The locals call it "Taumata"; who could blame them? With 85 letters total it is the 2nd longest city name. Its actual meaning is, "The place where Tamatea, the man with big knees who slid, climbed, and swallowed mountains, known as land-eater, played on the flute to his loved one."

DID YOU KNOW?

Did you know that money isn't printed on paper? Instead, like high quality stationery, paper currency is composed of a special blend of cotton and linen fibers.

Did you know that the strongest muscle in the human body is the tongue?

Did you know that your jaw can produce 200 lbs. of pressure when you bite down?

Did you know that the sentence "The quick brown fox jumps over a lazy dog," uses every letter in the alphabet?

Did you know that Hippopotomonstrosesquippedaliophobia means the fear of long words?

EXTRA TOKEN QUESTION

In our last newsletter, we gave the weight of our pumpkins. What was the combined weight of both pumpkin patches?

(This question is worth 5 tokens)

CAN YOU UNSCRAMBLE THESE WORDS?

WHAT CAUSES LEAP YEAR?

Have you ever asked, "What's a Leap Year?" It's really amazing. The earth revolves around the sun, taking 365 days or one year to do so. To be exact, it takes 365 days, 5 hours, 48 minutes and 46 seconds. Every 4 years an extra 24 hour period is gained. If we didn't make up that day, eventually summer would be in December, and it would snow in July.

Tip to remember: Don't forget that Leap Year is also the year in which our presidential elections are held.

BRING IN YOUR REPORT CARD AND RECEIVE **EXTRA TOKENS FOR YOUR A'S. THIS IS A CONTINUOUS CONTEST FROM THE 1ST DAY OF SCHOOL TO THE LAST. STUDY HARD AND GOOD LUCK!!**
